

Šestan-Busch Ltd.

CLUSTER MEMBER – ŠESTAN-BUSCH Ltd.

Šestan-Busch Ltd. has twenty five years of experience in development and manufacturing. The range of products has high level of quality and ballistic protection. Our member produces protective and safety equipment for military, police and sports purposes. The product range primarily covers the manufacturing of protective (shrapnel and bullet) helmets, and range of plastic mixes.

- **Šestan-Busch** also disposes with own laboratory for testing of its products. These tests are conducted in accordance with national and international standards.

Active and constant exchange of information and experiences with raw materials suppliers, government agencies and end-users is one of the most important elements when developing new products. Quality of the products is a result of practical experiences gained during war operations in Croatia.

The products are produced in accordance with ISO 9002 standard, and the process of production is continuously monitored from receiving of the raw materials to final tests of finished products. Our member's products are used in following countries: The Czech Republic, Bulgaria, Poland, Lithuania, Saudi Arabia, U.S.A., Spain, United Kingdom of Great Britain and Northern Ireland, Australia, Uzbekistan, Turkey, Republic of Macedonia, France, Malaysia, Egypt, Germany, Argentina, Italy, Columbia, Kazakhstan, Ukraine, Ireland, Cyprus, Norway, Denmark, Israel, Greece, Lebanon, Japan, Portugal, Kuwait, Pakistan, Kenya, Mexico, Sweden, Russia, U.A.E.
